Mrs. Richard Keys and two daughters were baptized last Wednesday, and they joined themselves to the Christian church. A freight wreck last Wednesday delayed all trains on the Texas several hours. The wreck occurred just below Owensboro, and it was caused by a broken flange. Three cars were derailed. Two of them were dashed to pieces, and the third one slightly damaged. They were principally loaded with whiskey, though the freight was not injured.

Sheriff Conway, of Perry county, Ind., went to the Indian Territory last week and arrested James Carr, the man that killed Pete Bryant with a knife at Derby about a year ago. There was a reward of \$200. offered for Carr. It is said that the killing was unprovoked, and it will probably go pretty hard with Carr in the Temple of Justice.

Sidney J. Brack, formerly of Custer this county, writes us from Tempe, Arizona, that he wishes his paper sent to that address. Mr. Brack is one of the most promising young men of this county. Naturally intelligent and well educated, he makes a friend of every one he meets, by his innate, gentlemanly manners. He promises us letters in the near future, descriptive of the new scenes and people that now surround him. Mr. Brack is an easy, interesting writer and these letters will be read with interest by both us and our subscribers. We anxiously await their arrival.

A cooking main for \$500. a side has been arranged between Breckenridge and Davies county parties, to be fought at Rock Island just below this city, on Wednesday in Christmas week. The same parties met at the same place last X—mas., and Davies county was badly worsted by the Breckenridge county birds. It is not generally known, even by the close neighbors, that the raising of game chickens is getting to be quite an industry in this county. Every season thousands of dollars worth of these fowls are shipped all over the United States and to foreign countries from this county, and they are fast gaining the reputation of being the best in the world.

Cloverport is fast taking on metropolitan airs. Thirty-five bright street lights now show the way to inebriated or belated travelers, or both, and stepping stones are being laid at all important crossings. These improvements are quite a treat to this, here-tofore, benighted town, and the average sober pedestrian, male or female, can now walk the streets after the shades of night have fallen, with the safe assurance that they will not blunder into each other's arms, fall into pits or wade in filthy mire. The outgoing council should be blessed for this work, if they are damned for every other act passed during their term of office.

It is a pleasure and an interesting study to visit the large mercantile establishments of Cloverport at this particular time and view their beautiful displays of Christmas novelties. It is also gratifying to know and feel that we have such hustling, enterprising merchants. The people see and appreciate these evidences of push and progress, and the good effects can be noticed in the increased business of the town. The holiday trade of Cloverport is starting off well and it promises fairly to be the largest ever known here. Customers are coming that never came before. Distance seems to lend its charm, and people are coming from afar as well as near. Large stocks and low prices is the attraction. It is a fact that goods are cheaper in Cloverport now than they ever were before.

The meeting at the Presbyterian church closed last Thursday night with four additions to the church. Rev. Greenwade made many warm friends in this community and revived the little band of Christians as they have never been before. He will return next summer and hold another meeting.

Come one, come all to the gospel meetings on the Tabernacle on the gospel. We are having a good time in the name of the Lord. Come hear something you never have heard. All denominations, preachers and members are invited to take part in the meeting. Your brothers in Christ. Steele and Cox.

The services at St. Rose's Catholic church, on Christmas day, will be as follows: At 7 a. m. High mass, followed by another mass at 10 a. m. Christmas high mass with sermon by the Rev. Pastor George Niehans. At this service solemn benediction will be given. A large crowd is expected to be in attendance.

Mr. J. T. Connor went to Rome, Ind., to visit his children and old home. The old homestead, now occupied by Mrs. Groves, is one of the prettiest places in all that section. It is a typical home where a stranger is always welcome and meets a warm-hearted generous Kentucky greeting. It was the News' pleasure but a few days ago to be entertained by this happy household and right well did he enjoy it.

Fruit cakes—Sulzer's.

M. S. Whitford went to Louisville Thursday.

The parents will confer a favor by sending their children promptly and regularly. The teachers are striving to do their whole duty, and if there are any complaints they should be made promptly and directly to the teachers or to the City School Board.

We, the teachers, are trying to observe the peculiarities, natural abilities and temperament of the children, that we may strengthen that which is weak, correct that which is wrong and rightly improve all that is desirable and good in them. If we can give the pupils correct habits of thought and actions in life, we shall feel that "We have done what we could."

The United States has never suffered from any disease that has caused such fearful results as LaGrippe. Royal Germetner has never failed to cure it quickly where used.

RELIABLE EVIDENCE.

ATLANTA, GA., Nov. 28, 1893.

"In January last I had a violent attack of LaGrippe. I was advised by a friend to use Royal Germetner, which cured me in a couple of days. I was again attacked by the 'grip' this month, and profiting by my former experience I commenced at once with Germetner and did not have to go to bed. I consider it a specific for LaGrippe." L.
